OUR PORTFOLIO

THE STORY BEHIND THE BOW

Cadeau by Fafa is inspired by Fafa's eye for beautiful materials and thoughtful finishing details, shaped by more than 25 years of gift-wrapping experience with high-end companies in London.

What began as a personal service for a small circle of private clients, mainly in the Middle East, now brings that same care to private celebrations and corporate gifting.

Behind the scenes, Fafa's experience and creative influence guide the brand. Our small team works alongside her and is personally trained by her, bringing our shared approach to life in every finishing touch.
